

SuccessWare 4.3.5 Release Notes

The following items were added or repaired:

- Multiple sales tax rates per order.
- Credit card transactions associated with payment plans are marked as recurring (per payment card industry requirements).
- New Discover credit card account numbers are recognized.
- No longer adds an entry to the correspondence history for people with blank e-mail addresses when sending multiple e-mails.
- Separator lines on To Do List printouts properly move with expanded row contents.
- "Other" ZIP code type preference properly honored.
- Now limits the number of orders in the Applied Payment pop up and the sessions in the Order session popup.
- Fixes a problem with items in the ProSelect import window pop up menus displaying as disabled.
